The project

The new project comprises 6 villas (R20 plot) and 3 villas (R21 plot), each with 3 bedrooms and 2 bathrooms on two levels, including a fully equipped kitchen and a private swimming pool. Features such as private indoor parking, electric shutters, ducted Air-conditioning, a management domotic system and a fully fitted alarm system are some of the main specifications of this exclusive development.

Orientation

Its south / southwest orientation provides natural lighting at any time of the year and natural heating from dawn to sunset, which reduces energy consumption.

Sun all the day long.

The open concept properties with windows and sliding doors that allows cross ventilation and lets the light in. The properties are situated so, that the light can enter everywhere, but at the same time it offers some fresh and cozy corners.

Design

These villas connect us with the ancient Mediterranean cultures and building tradition combined with the modern architecture to create charming homes, reflecting our commitment and effort to offer you the best in space and design trends.

The design combines modern lines with traditional elements such as stone on the facade and wood, adding the warmth of traditional construction. The layout of the homes maximizes the use of natural sunlight throughout the day and enhances privacy and cross ventilation.

Energy certification

Our villas have EPC A, ensuring energy savings, sustainability and low impact on the environment.
