

This is a detailed architectural floor plan of a residential building, oriented vertically. The plan shows a central corridor with two circular stairwells labeled '7' and '9'. To the left of the corridor are several rooms, including a kitchen ('KÜCHEN') at the top, a living area ('WOHNEN- U. ESSEN') in the middle, and another kitchen ('KÜCHEN') at the bottom. To the right of the corridor are two bathrooms ('WC') and a large living area ('WOHNEN- U. ESSEN') at the bottom. The plan also includes several balconies ('BALKON') and a terrace ('TERRASSE'). A scale bar at the bottom left indicates dimensions of 200 m and 150 m. The drawing is a technical sketch with dashed lines for walls and solid lines for furniture and fixtures.
