The best of Southern Spain, right on your doorstep

The proximity of the stunning beaches of Costa del Sol, just a stone's throw away from your front door, is not the only advantage of this remarkable modern development.

Located between the lively resort town of Fuengirola and the charming Spanish pueblo of La Cala de Mijas, it guarantees easy access to a plethora of world-class amenities. Fuengirola has undergone an outstanding transformation in recent years and offers spotless, flower-bedecked boulevards, charming plazas, as well as an abundance of quality bars, restaurants and entertainment. All this, and the wide expanse of golden sand that is one of the best on the coast.

La Cala de Mijas is smaller but just as diverse, with a mouth-watering array of restaurants and bars, many tucked away down characteristically narrow side streets. The cleanliness of the beach and clear azure seas have seen this beach awarded a Blue Flag since 2017, while the wide Paseo Marítimo, or seaside promenade, that runs alongside is a wonderful place to take an after-dinner stroll.

A short 20-minute drive away allows you to immerse yourself in the glamour of Marbella. Alternatively, a short drive further along the famed Golden Mile takes you to the sophisticated yachting marina of Puerto Banús, where you can revel in the chic ambience, indulge in people-watching and embrace the vibrant rhythm of this fashionable destination.

The airport of Málaga is no more than half an hour away so is conveniently located for short weekend breaks to leave the hustle and bustle of daily life behind. The city of Málaga itself is also a wonderful place to take a day trip, with streets shaded in multi-coloured sails in the summer, and truly awesome Christmas decorations that are renowned amongst the best in Spain.

Great Investment Value

The location being a stone's throw away from the beach and nearby amenities as well as being only 20 minutes from Málaga airport make these fabulous apartments a great investment opportunity, both from the point of view of holiday rentals as well as capital appreciation.

To the west this fabulous development is less than 5 minutes from the popular seaside town of La Cala de Mijas and just 20 minutes from the hotspots of Marbella and Puerto Banus which are globally recognized resorts attracting holiday makers and investors from all over the world. Adding further value to these fantastic apartments is the benefit of neighbouring golf course maximising the rental potential both in high and shoulder seasons.

In addition, the well known town of Fuengirola is just a 5 minute drive to the east, with its bustling town centre, offering an array of international restaurants, cafes and high street boutiques, not to mention some of the best beaches and chiringuitos of the Costa del Sol.

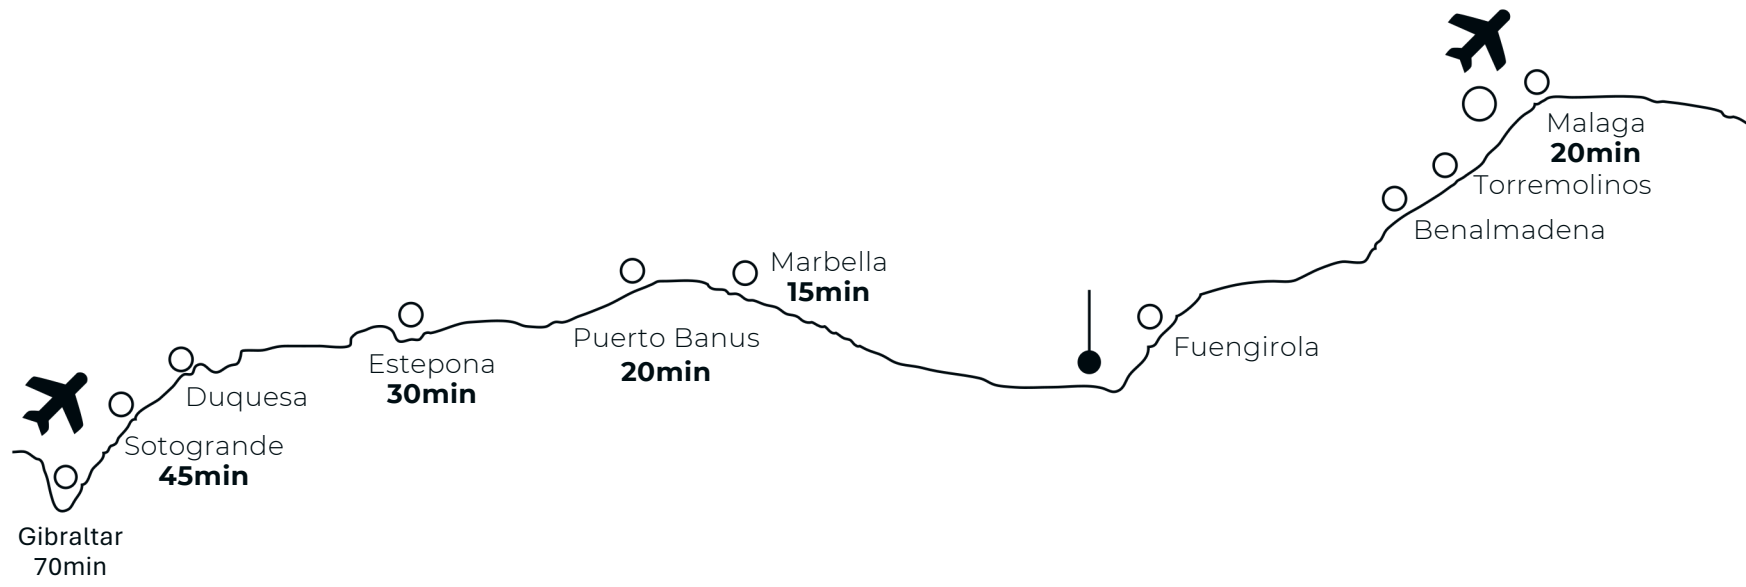

All this and golf too...

Not everyone wants to spend their days lazing by the pool or enjoying fun on the beach. This area of Southern Spain is nicknamed The Costa del Golf for a very good reason – there are more golf courses per head in this region than in the whole of mainland Europe!

Happily, the Golf Course is a convenient walk from the residences, so golf enthusiasts can be the first to the tee in the morning without too early a start! Or just stroll over to enjoy the wonderful Mediterranean cuisine in the Clubhouse with its spectacular views over this beautiful parkland course, famed for its picturesque fairways laid out amongst Mediterranean pine forests.
